

About the Department: About the Department:

The future of the world is going to be technology driven and knowledge driven. The Humanities & Sciences Department at GIET has the most modern infrastructure to undertake high-end teaching, research and developmental activities in its laboratories like Computer Programming Lab, IT/Work Shop Lab, Engineering Physics and Engineering Chemistry lab, etc., besides highly experienced faculty. The department of Humanities & Sciences will lead broadest areas from cars to computers, from microchips to motorways including surgical robotic systems.

The faculty as well as the student community of this department are encouraged and motivated by the Head and the Management to attend workshops, seminars and conduct the same at the campus in order to keep pace with the fast moving competitive world advancing towards excellence.

PMKVY- Vehicle assembly fitter technician course (an AICTE approved and Ministry of HRD Govt. of India initiative) is also conducted at regular intervals for underprivileged students who cannot make it to the corporate due to unavailability of opportunities. This course is a citadel of social upliftment for imparting technical skills and leading a society for inclusive and sustainable growth.

About the workshop:

Workshops are especially important in adapting students to their changing roles in initiating and setting the directions for curricular changes. The major focus of the workshop is on upgrading the teaching, training, and research skills of students. This program is intended to provide opportunity for students in upgrading their knowledge in the areas of start ups in India.

Learning Outcomes

Upon completion of this program the participant will be able to:

- Understand the concept of startups in India
- Understand the applications growth of start ups in India
- Analyze the concepts of small ventures in India.

About the Organization

Global Institute of Engineering & Technology (GIET) established in the year 2006, nurtures & supports a unique system of education structure on values and combines the tenets of academic excellence with corporate professionalism. The primary objective at Global Institute of Engineering & Technology is to impart quality education which leads to quality living. Affiliated to JNTU Hyderabad, the college has completed more than a decade of dedicated service to the people of India in the field of Technical Education. Located at Moinabad, in a sprawling campus spread over 30 acres of lush green environment provides an ambient study atmosphere.

Vision

To produce technologically skilled Engineers of world class competency to address global challenges.

Mission

M1 :- To offer quality education for social upliftment that is affordable and accessible to all and in particular to rural students.

M2:- To provide academic freedom, generate, disseminate and preserve knowledge with inter disciplinary approach in order to meet advanced industrial standards.

M3:- To enable students to master innovative methodologies for research and skills required to become an entrepreneur.

M4:- To emphasize on human values, professional ethics, social responsibility and environmental sustainability.
