

ABOUT INSTITUTION:

Global Institute of Engineering and Technology, Hyderabad, Telangana is affiliated to JNTUH & approved by AICTE. GIET was established in the year 2006 with a vision To produce technologically skilled Engineers of world class competency to address global challenges. GIET nurtures and supports a unique system of education structure on values and combines the tenets of the academic excellence with corporate professionalism. The primary objective at Global Institute of Engineering and Technology is to impart quality education which leads to quality living. Located at Moinabad, the sprawling campus spread over 28 acres of lush greenery creates the most conducive environment for education. GIET offers undergraduate programmes in ECE, EEE, CSE, CE, ME, AI & ML* and postgraduate programmes Embedded Systems & Structural Engineering.

The system of education at Global Institute of Engineering & Technology grooms the students to rise into professionals and leaders of high academic caliber with unblemished character. Dedicated, experienced and qualified faculty help in honing the skills of students at early level of their learning.

ABOUT THE DEPARTMENT:

The Department has the necessary infrastructural facilities required for imparting high-quality education and the department is fully structured to meet the contemporary needs of the industry. Imparting high-quality education is supported by well qualified and experienced faculty; further support is extended by technically skilled and competent programmers. Seminars, Workshops and Technical Symposia are conducted in the department to keep faculty and students updated with the latest developments in various technologies. The students in the department are moulded into competent software professionals, to face the challenges of the IT sector.

Convenor:

Mr. Syed Mazharuddin ,
Head, Dept. of CSE, GIET

Coordinator:

Ms. Sana Mateen,
Asst. Professor, Dept. of CSE.

VISION:

The Vision of the Department is to produce professional Computer Science Engineers who can meet the expectations of the globe and contribute to the advancement of engineering and technology which involves creativity and innovations by providing an excellent learning environment with the best quality facilities.

MISSION :

M1: To provide the students with a practical and qualitative education in a modern technical environment that will help to improve their abilities and skills in solving programming problems effectively with different ideas and knowledge.

M2: To infuse the scientific temper in the students towards the research and development in Computer Science and Engineering trends.

M3: To mould the graduates to assume leadership roles by possessing good communication skills, an appreciation for their social and ethical responsibility in a global setting, and the ability to work effectively as team members.

ABOUT THE WORKSHOP:

Workshop is important in adapting both for students and staff members for changing roles in initiating and setting the directions for curricular changes. The major focus of the workshop is on upgrading skills of students in the field of testing using Selenium tool. This workshop training program is intended to provide opportunity for students to upgrade their knowledge in the areas of testing, developing application code, debuggig the code using IDE's and also in the field of Computer Science and Engineering.

Learning Outcomes:

Upon completion of this programme the participant will be able to Know:

- Introduction to Selenium IDE
- Testing Patterns
- Basics of Eclipse IDE
- Java Application code basics
- Debugging java code in Eclipse
- Selenium web drivers

Eligibility:

- **All the III year Students and Staff members of Computer Science and Engineering.**

Registration Details:

- **Registration will be done by filling Registration forms.**
- **Last Date: 27th December 2018**
- **No registrations will be accepted after specified date.**

A REPORT ON SELENIUM TESTING THREE DAY WORKSHOP:

The CSE Department has arranged a Three-day workshop on “**Selenium Testing**” for III B.Tech from 27th - 29th December, 2018 in the campus. The workshop was scheduled between 09:30 to 03:40 Hrs. The course was designed to provide complete knowledge of selenium testing. will improve their skills more effectively and will be able to develop logics which will help them to create programs. Also, by learning the selenium programming they can easily switch over to any other language in future. It is therefore important for the faculty to have a deep understanding of concept, to determine the objective, to decide on a key project and to enhance knowledge.

Day 1:

The first day of the workshop initiated with the motivating speech of Dr.V.V.V.S Murthy, Principal of Global Institute of Engineering and Technology, followed by the discussion of its importance for the students by Mr.Syed Mazharuddin (HOD) of our department. The coordinator of this occasion, Ms.Sana Mateen, Assistant Professor, and Department of CSE welcomed the gathering. Followed by this our Resource Person Mr MD.AFROZ Associate professor of MJCET delivered his inaugural and introductory speech.

The Technical session started immediately after inauguration, at 10.00 AM and Mr MD.AFROZ Associate professor of MJCET has introduced the selenium testing. He has mostly emphasized on the critical importance Introduction to selenium testing, Evaluation selenium Testing selenium IDE Fundamental and how a selenium testing Archicture and key concept. After the tea break she then delivered he talk on how to use selenium IDE to create few basic programs 11:30 AM to 1:00 PM. After the lunch break all the students assembled in the lab for the practical session on above discussed topics. Every student implemented of selenium programs on their own, from 2:00 PM to 3:30 PM.

Day 2:

The second day session was chaired by Mr.Syed Mazharuddin, Assistant Professor and Head, Department of CSE who delivered a lecture on test design patterns, common testing patterns and ellipse IDE basic from 9:30 AM to 11:00AM. he talked about the introduction student to environment setup, core eclipse functionalities of selenium testing .It was followed by another lecture on introduction to java and basic java concepts here he emphasize how to write java application programs from 11:15 AM to 1:00 PM. The last session initiated at 2:00 PM on initiated selenium driver and basic concept etc. After the successful implementation, the session concluded at 3:30PM.

Day 3:

On third day, first session was initiated at 9:30 AM by a lecture on 'Advanced selenium web server ,how to import HTML structure CSS and X-path concept by our Resources Person Mr. MD.AFROZ Associate professor of MJCET .He spoke ,creating advanced selenium web drivers Scripts Understanding the concept of selenium testing .The final session was practical implementation on the above discussed topic by Mr. MD.AFROZ Associate professor of MJCET from 11:15 AM to 1:00 PM. All the students participated in the session actively and showed enthusiasm. The workshop was concluded by Valedictory session followed by feedback and certificate distribution to the participants.

Workshop on Selenium Testing, Speaker is discussing with students about 'Advanced selenium web server
