To

The Principal
GIET

Sir,

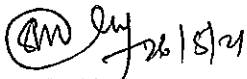

Sub: Hosting a Five Day Training Workshop on **Machine Learning With Python** - Reg.

The Department of Computer Science and Engineering is planning to host a **Five Day Training Workshop on Machine Learning With Python** from 7/06/2021 to 11/06/2021 through **Online Mode**. I would like to request for your permission and support to conduct the Course. It will be ensured that information delivered to students is standardized.

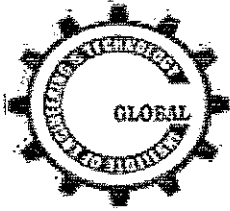

The course is designed to provide complete knowledge on Machine Learning With Python. Students will be able to develop projects which will help them to grow in the Python. Also by learning the basic programming constructs they can easily switch over to any other language in future. It is therefore important for students to have a deep understanding of concept, to determine the objective, to decide on a key project and to enhance knowledge. This Workshop will be very key as it will bring new ideas for the projects of students of the Department.

Kindly accord approval so as to make necessary arrangements for hosting a **Five Day Training Workshop on Machine Learning With Python**.

Thanking you.

CIRCULAR

The Department of Computer Science and Engineering is hosting for *A Five Day Training Workshop on Machine Learning with Python* for the students of III and IV year B.Tech from 7th to 11th June 2021 through **Online Mode**. All the students are here by informed to register for the course on or before 7th June 2021. The Coordinator for the course is Ms.Noore ilahi,Assistant Professor, Department of CSE.

**A REPORT
ON
FIVE DAY WORKSHOP:
MACHINE LEARNING WITH PYTHON**

The CSE Department has Organised a Five Day Training Workshop on “**Machine Learning with Python**” for 3rd and 4th Year B.Tech of all Branches from 07th June– 11th June 2021 through Online Mode. The workshop was scheduled between 2:00PM to 5:00PM. The course was designed to provide knowledge on **Machine Learning with Python**. Machine Learning can be an incredibly beneficial tool to uncover hidden insights and predict future trends. It is therefore important for students to have a deep understanding of concept, to determine the objective, to decide on a key project and to enhance knowledge. The workshop was conducted by the resource person of Telangana Academy for Skill & Knowledge (TASK), Hyderabad.

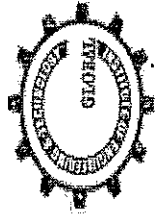

Day 1:

The first day of the workshop initiated with the motivating speech of Dr. JBV Subrahmanyam principal of Global Institute of Engineering and Technology, followed by the discussion of its importance for the students by Mr. Syed Mazharuddin (HOD) of our department. The coordinator of this occasion, Ms. Noorellahi, Assistant Professor and Department of CSE welcomed the gathering. Followed by this our guest, Ms. Rajaswi Valusa, Technical Trainer, TASK delivered her inaugural and introductory speech.

The Technical session started after inauguration, at 2.00 PM and Ms. Rajaswi Valusa started the training with the introduction to Machine Learning with Python, Madam has covered all the basics of python language as Python’s simplicity allows developers to write reliable systems. Python code is understandable by humans, which makes it easier to build models for machine learning, session concluded at 5:00 PM.

Day 2:

On second day Session started at 2:00 PM by Ms. Rajaswi Valusa, Technical Trainer of the Workshop with the introduction of Packages in Python, Python Packages play a vital role in developing machine learning also explained that there are more than 137,000 python libraries and 198,826 python packages prepared to facilitate engineers’ ordinary programming experience. These libraries and packages are planned for an assortment of advanced arrangements. Session Concluded at 5:00 PM.

GLOBAL Institute of Engineering & Technology

(Approved by AICTE & Affiliated to JNTUH)
recognized under section 2(f) of UGC Act 1956, an ISO:9001-2015 Certified Institution

A Five Day Training

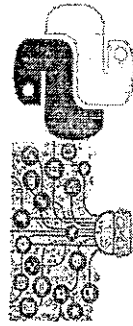

ON

Machine Learning with Python

Organized by Department of Computer Science and Engineering

In association with TASK & IQAC-GIET

(Through Online Mode) – 07th June 2021 to 11th June 2021

CERTIFICATE OF PARTICIPATION

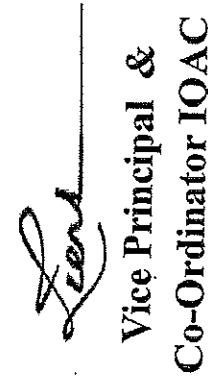

This is to certify that Ms./Mr. MD MATEEN UDDIN student of III year CSE Department has attended A Five Day Training on Machine Learning with Python organized by Department of Computer Science and Engineering in Association with Internal Quality Assurance Cell (IQAC)-GIET and Telangana Academy for Skill & Knowledge (TASK) held From 07-06-2021 to 11-06-2021 at Global Institute of Engineering and Technology.

Co-Ordinator

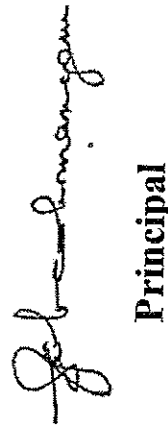

Ms. Noore Ilahi

Convenor

Mr. Syed Mazharuddin

Vice Principal &
Co-Ordinator IQAC

Mr. G Ahmed Zeeshan

Principal

Dr. J B V Subramanyam

Day 3:

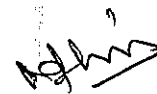

On third day, Session started at 2:00 PM by Ms. RajaswiValusa, Technical Trainer of the Workshop with the Introduction of the Pandas Package. Pandas is a Python package providing fast, flexible, and expressive data structures designed to make working with “relational” or “labeled” data both easy and intuitive. It aims to be the fundamental high-level building block for doing practical, real-world data analysis in Python, session concluded at 5:00PM.

Day 4:

On the fourth Day, Session started at 2:00 PM by Ms. RajaswiValusa, Technical Trainer of the Workshop with the Introduction of the Data Visualization, it is important as sometimes data does not make sense until you can look at in a visual form, such as with charts and plots. Data visualization is an important skill in machine learning. Data visualization provides an important suite of tools for gaining a qualitative understanding, session concluded at 5:00PM.

Day 5:

On the fifth Day, Session started at 2:00 PM by Ms. RajaswiValusa, Technical Trainer of the Workshop with the Introduction of the SQL Library sklearn, Scikit-learn or sklearn is probably the most useful library for machine learning in Python. The sklearn library contains a lot of efficient tools for machine learning and statistical modeling including classification, regression, clustering and dimensionality reduction. Session concluded at 5:00PM.
