## Competitive Exam Training Students of ECE-III & IV Yr Academic Year : 2020-21

### TOEFL Syllabus:

- The test has 4 sections:  
**Reading** measures your ability to understand academic reading material written in English – 60-80 minutes; 36-56 questions
- 1. **Listening** measures your ability to understand spoken English as it is used in colleges and universities – 60-90 minutes; 34-51 questions
- 2. **Speaking** measures your ability to speak English in an academic context – 20 minutes; 6 tasks
- 3. **Writing** measures your ability to write in English in a way that is appropriate for college and university course work – 50 minutes; 2 tasks
- The test is delivered via the Internet at secure, ETS-approved test centers. It emphasizes integrated skills and helps confirm that you are ready to communicate your ideas about what you will read and listen to in English in your academic courses. Integrated tasks require you to combine more than one skill. You'll be asked to:
  1. Read, listen, and then speak in response to a question
  2. Listen and then speak in response to a question
  3. Read, listen, and then write in response to a question
- The test you take may include extra questions in the Reading or Listening section that do not count toward your score. These questions are used either to enable ETS to make scores comparable across test administrations, or they may be new questions being used to help determine how such questions will function under actual testing conditions.
- Each section of the test has a time limit. If you finish a section early, you can go on to the next section, but you cannot go back to a section you have already completed or for which time has been called. However, you can go back within the Reading section during the time for that section. There is a mandatory 10-minute break midway through the testing session.
- You should work quickly but carefully on the Listening and Reading sections. Some questions are more difficult than others, but you should try to answer every one to the best of your ability. If you are not sure of the answer to a question, make the best guess that you can. The questions in the Speaking and Writing sections are each separately timed.
