REPORT

ON

ANTI CHILD LABOUR CAMPAIGN

NSS Units-I and II of Global Institute of engineering and Technology had organized Anti Child Labour campaign as part of which NSS team visited Chilkur village and provided awareness about Law against child labour.

Volunteers explained them the consequences they are going to face by the law for encouraging child labour.

They explained them it would be rather great if we make children educated instead of putting them at work at a very young age.

Volunteers also explained the villagers by comparing an educated child and an uneducated child and also told them making children work at a very small age will effect their health also.
