GREEN AUDIT

Global Institution of Engineering & Technology is ever conscious about being a good steward of the environment along with pursuing its higher educational goals. A Green living habit helps in making the planet more sustainable and more livable, making it fit to live in. The institution tries to engrave the green movement into its regular pattern. Hence, the institution has included Green, Audit in its policy documents ensuring its focus on applying it in the course of action.

With a motive to ensure green movement, the institution conducts Green Audit. The department of Civil Engineering takes charge of internal audit in which the faculty and the students form the committee take active strides in strictly analyzing the green practices of the institution. The report along with the recommendations and proposals for corrections and further improvements are submitted by the auditing committee to the Head of the Institution which is communicated to the staff and students.

The institution also conducted external Green audit from periods 2020-21 to 2021-22. A certified Auditor visited and stayed in the campus to study the campus ecosystem and analyzed the practices of the institution in terms its utilization of energy and water resources and its green practices. The detailed reports submitted by the Auditor was studied by the institutional authorities and corrective measures are taken and appropriate interventions are done to improve the sustainable practices of the Institution.
