How to Apply:

Interested students are required to fill Registration Form which is available with the coordinator.

Registration should be done between

04/5/2019 to 10/05/2019

Limited Registrations.

First Come FirstServe

WHO SHOULD ATTEND?

The Course is designed for B.Tech students of CSE

For any query regarding this programme , please contact

COORDINATOR:

Website : www.globalhvd.edu.in

ABOUT INSTITUTION:

Global Institute of Engineering and Technology, Hyderabad, Telangana is affiliated to JNTUH & approved by AICTE. GIET was established in the year 2006 with a vision. To produce technologically skilled Engineers of world class competency to address global challenges .GIET nurtures and supports a unique system of education structure on values and combines the tenets of the academic excellence with corporate professionalism. The primary objective at Global Institute of Engineering and Technology is to impart quality education which leads to quality living. Located at Moinabad, the sprawling campus spread over 28 acres of lush greenery creates the most conducive environment for education. GIET offers under graduate programmes in ECE ,EEE ,CSE, CE, ME ,and post graduate programmes Embedded Systems & Structural Engineering.

The system Of educational Global Institute of Engineering & Technology grooms the students to rise into professionals and leaders of high academic caliber with unblemished character, Dedicated experienced and qualified faculty help in honing the skills of students at early level of their learning.

ABOUT THE CSE DEPARTMENT:

The Department has the necessary infrastructural facilities required for imparting high-quality education and the department is fully structured to meet the contemporary needs of the industry. Imparting high-quality education is supported by well qualified and experienced faculty; further support is extended by technically skilled and competent programmers. Seminars, Workshops and Technical Symposia are conducted in the department to keep faculty and students updated with the latest developments in various technologies. The students in the department are moulded into competent software professionals, to face the challenges of the IT sector

*Waiting for approval from JNTU

ABOUT THE CERTIFICATE COURSE:

The course was designed to provide complete knowledge of Web Technology. Web technology refers to the means by which computers communicate with each other using markup languages and multimedia packages. It gives us a way to interact with hosted information, like websites. Web technology involves the use of hypertext markup language (HTML) and cascading style sheets (CSS).

Speakers:

- **Mr. Syed Mazharuddin**
Associate Prof. Dept. of CSE,
GIET.
- **Ms.Swetha**
Acharya
- **Mr. Akash Mehta,**
Web Developer,Carrer3s.
- **Mr.Aslam Khan,**
Web Developer,Carrer3s.
- **Mr.Uday Kumar**
Asst.Prof ,Dept. of CSE.

TOPICS TO BE COVERED:

- **Introduction to Web Technologies**
- **HTTP and URL**
- **Web Browsers and Web Servers**
- **CSS Accessibility**
- **Client side Programming**
- **Document Object Model API**
- **Server side Programming**
- **XML Fundamentals**

Below are the means to help you with your self-reflection, self-verification:

1. **Attendance:** This Certificate Course is like a sentence spoken over 6 days. With Hands on. Participation in all sessions is desirable to get all the proposals being put forth.
2. **Assignments:** There will be session wise assignment which need to be submitted.
3. **Course Outcome Evaluation:**
Exam will be Conducted on last of Course for which you need to get 80% in order to receive Certificate.
4. **Feedback**

To

The Principal
GIET

Sir,

Sub: Hosting a One Week Certificate Course on Web Technologies– Reg.

The Department of Computer Science Engineering is planning to host a **One Week Certificate Course on Web Technologies** from 10/06/2019 to 15/06/2019. As Web technology is interpreted with more scripting languages.Students can be able to make applications by using HTML and CSS.I would like to request for your permission and support to conduct the Course. It will be ensured that information delivered to students is standardized.

The course is designed to provide complete awareness of Web Technologies. Students will be able to learn the concepts of HTML and CSS making the Application Interactive,Also by learning these they can develop Web Applications. It is therefore important for students to have a deep understanding of concept, to determine the importance of Web Technologies, to develop applications and enhance their knowledge. This Certification Course will be very key as it will bring new ideas for the projects of students of the Department.

Kindly accord approval so as to make necessary arrangements for hosting a One Week Certificate Course on Web Technologies.

Thanking you.

A REPORT ON A ONE WEEK CERTIFICATE COURSE WEB TECHNOLOGIES

The CSE Department has arranged a One Week course certificate programme on “Web Technologies” for II and III B.Tech from June 10th–15th, 2019 in the campus. The course was designed to provide complete knowledge of Web Technology. Web technology refers to the means by which computers communicate with each other using markup languages and multimedia packages. It gives us a way to interact with hosted information, like websites. Web technology involves the use of hypertext markup language (HTML) and cascading style sheets (CSS). Students will gain knowledge on html which is used to create the actual content of the page, such as written text, and CSS (Cascade Styling Sheets) is responsible for the design or style of the website, including the layout, visual effects and background color. The Course was conducted by Career 3S, Hyderabad.

Day 1:

The first day of the workshop initiated with the motivating speech of Dr. K Sivalingam, Principal of Global Institute of Engineering and Technology, followed by the discussion of its importance for the students by Mr. Syed Mazharuddin (HOD) of our department and sir welcomed the gathering.

The Next session started immediately after inauguration, Ms. Swetha Acharya introduced the basics of Web Technologies. She has mostly emphasized on the critical importance of Web technologies. Afternoon she then delivered her talk on the HTTP and URIs as Each resource is identified by a Uniform Resource Identifier (URI) used throughout HTTP for identifying resources.

Day 2:

The second day session was chaired by Mr. Syed Mazharuddin, Assistant Professor and Head, Department of CSE who delivered a Brief Explanation on Web Browsers and Web servers, as web server consists of all the data while web browser helps in the displaying of that data. The web browser is a program that helps in showing stuff on the internet and web server helps in delivering that material from the websites to the web.

The next session initiated by Mr. UdayKiran where the Implementation of HTML programs with CSS is done. He gave Explanation on CSS and its accessibility. The last session initiated by Mr. UdayKiran where the Implementation of HTML programs with CSS is done.

Day 3:

The third day session was chaired by Mr. Akash Mehta, our resource person, who delivered an overview of Client Side Programming as it is the program that runs on the client machine (browser) and deals with the user interface/display and any other processing that can happen on a client machine like reading/writing cookies. He also talked about the Scripting Languages and its characteristics as a scripting language is a computer language with a series of commands within a file that is capable of being executed without being compiled. Good examples of server-side scripting languages include Perl, PHP.

Day 4:

The fourth day session was chaired by Mr. Aslam Khan, who delivered a lecture on Document Object Model (DOM) API. The Document Object Model is a cross-platform and language-independent interface that treats an XML or HTML document as a tree structure wherein each node is an object representing a part of the document and also accessing the DOM and Testing the DOM. The last session also taken by him on Debugging client-side programs and also the steps to debug a client-side program. He talked about the common causes of errors and also determining the source of the problem for debugging the errors.

Day 5:

The fifth day session was chaired by Mr. Akash Mehta, Web Developer, Career 3S, who delivered an overview of Server Side programming. It is the program that runs on the server dealing with the generation of content of a web page, such as Querying the database, Operations over databases, Access/Write a file on server etc. He also explained about the Server-side program execution life cycle.

Day 6:

On the sixth day, the first session was initiated with a lecture on Parameter passing, Session & Cookies XML fundamentals by Mr. Uday Kiran. It is the program that runs on the server dealing with the generation of content of a web page, such as Querying the database, Operations over databases,

Access/Write a file on server etc..He also explained about the Server-side program execution life cycle. All the students participated in the session actively and showed enthusiasm. In the afternoon session Objective type written test was conducted for students, The next session was a valedictory, in that feedback was taken from all the students and certificates were distributed to all the participants.
