The Principal
GIET

Sir,

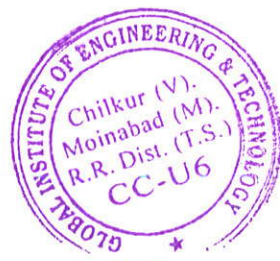

Sub: Conducting a Seminar on Developing Career Pathway– Reg.

The Department of Computer Science Engineering is planning to Conduct a Seminar on Developing Career Pathways on 16-02-2018. A pathway planning session offers students a structured self-assessment process that covers setting goals, identifying skills and knowledge, determining support requirements and preparing to undertake studies. It's a unique chance to take an objective look at your career goals and training needs in order to develop an achievable pathway plan. An organization contributes to an employee's ability to develop a career path by making the knowledge, skills, experience, and job requirements for each position within the company - transparent. I would like to request for your permission and support to conduct the Seminar. It will be ensured that information delivered to students is standardized.

Kindly accord approval so as to make necessary arrangements for Conducting a One Day Seminar on Developing Career Pathways.

Thanking you.

**A REPORT
ON
A ONE DAY SEMINAR
DEVELOPING CAREER PATHWAYS**

Global Institute of Engineering and Technology had Seminar on Developing Career Pathways on 16 Feb 2018. Dr.VVVS Murty Principal introduced the resource person Mr. Rajiv , HR from Virtusa.

Sir explained the pathway planning process to be flexible and responsive to individual student needs, meaning students can access support that is designed just for them.

Pathway planning is intended to break that process down into achievable steps, helping students to access advice and undertake training that will help them to build the skills and confidence needed to take the next step in their career.

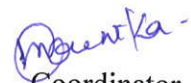

A pathway planning session offers students a structured self-assessment process that covers setting goals, identifying skills and knowledge, determining support requirements and preparing to undertake studies.

Mr. Rajiv Delivering a talk on Developing Career Pathways

It's a unique chance to take an objective look at your career goals and training needs in order to develop an achievable pathway plan.

The seminar was attended by 41 students of CSE Department.
