

INDUSTRIAL VISIT TO MOTHER DIARY

An industrial visit to Mother Dairy, has been organized by Global Institute of Engineering and Technology, for 65 students of B.tech on 15th October 2017 who were accompanied by 15 faculty members.

The objective of the visit was to provide a technical exposure to the students about manufacturing process of milk and details of various machinery how its work. the visit not only provided a good insight into the quality of research happening in the machinery, but also gave great exposure to the student about the research in sciences.

Summary of The Visit:

One bus with students started from GIET at 09:30am on 15/10/2017 and reached to the mother dairy site at 11:00 am. After reaching students were visited different manufacturing units like production unit, testing unit, packing unit at around 4:00pm, we return back to college and reached by 05:30 pm to college.

We (All students and staff members) are very much thankful to the Management, Dean & Principal of Global Institute Of Engineering and Technology.

We are also very much thankful to our staff for their co-operation during the visit.
