International Yoga Day is celebrated every year on 21st June. The idea was proposed by Prime Minister of India, Mr Narendra Modi with the objective of promoting the holistic benefits of yoga among the people worldwide. Hence the United Nations declared International Yoga Day in 2015. The word Yoga originated from the Sanskrit word, 'yuj' meaning to join or to unite.

Yoga is considered to be the most constructive and fruitful way of connecting our soul to God. It brings a balance and an alignment between our body and mind. Moreover, a person develops a bond with the Supreme and Spiritual world.

It increases our thinking capacity and helps us to make better decisions. Also; Regular practice improves flexibility among the muscles, which strain the knee due to improper alignment and creates good posture. It prevents the body from severe back pain by strengthening the muscles.
